Cobeu Consortium, a non-profit organization, was projected by **Mr. Demetrio Saraceno**, who has a long experience in environmental issues and policies.

Cobeu pursues its objectives in accordance with the principles of efficiency, effectiveness, transparency, aggregating **operators at different levels: companies producing** / **imp orting** new batteries, appointed **collector** s of the battery waste, **recycling companies** in Italy and abroad.

Plurality is the strength of the Consortium. Cobeu boasts a careful cost management and a streamlined and essential structure, aimed to satisfy the member needs and not the maintenance of offices roles.
